

## Ryan Jones - Broker

Ryan joined the Runacres team in August 2018 and brings with him over a decade of insurance experience.

As a broker, his goal is to bring a fresh approach to managing your insurance risk.

Whatever the size of your business, or the industry it operates in, Ryan will always provide a personalised service. As a business owner, he understands the challenges you face. He also understands how important it is to have a trusted professional who can provide advice and deliver an insurance solution tailored to meet your business' needs.

Working closely with him will help ease the 'labour of insurance', allowing you to focus on what you do best – running your business successfully.

Outside the office, you'll find him either hanging out with his family, exploring our beautiful country on his motorcycle or down at the track having a flutter on the horses.
